

## Grainpro "Collapsible Drying Case" (CDC)™

Designed for safe and protected sun drying of all agricultural commodities.

- ❖ Made of heavy duty black reinforced PVC, 610 g/sqm, D 1,000 x 1,000, UV resistant.
- ❖ Concise drying instructions printed on the bottom of the case (optional)
- ❖ Easily folded and transportable.
- ❖ Heavy duty, nylon, army quality zipper at 3 sides
- ❖ Flap covering zipper to prevent ingress of water
- ❖ Seams of case are high frequency welded and impermeable to water. Zipper stitched with heavy duty nylon thread
- ❖ Handles for easy carrying and rodent safe storage by hanging on beam or branch
- ❖ 2 year warranty on material, seams and stitching (not against mechanical damage)

### Advantages:

- ❖ Safe and waterproof drying of seeds and food commodities, also during rainy seasons in tropical areas.
- ❖ Enables drying of grain in the field immediately after threshing
- ❖ Enables rapid closing by pulling handles and rolling grain from one side to another in case of sudden rain.
- ❖ No need for concrete or asphalt platform
- ❖ Can be lent out by farmers group/cooperative to its members or shared by individual farmers
- ❖ Provides protection against contamination of food against insects, rodents, dew and flood
- ❖ Reduces losses and increases quality
- ❖ Easily to be carried and stored
- ❖ Simple in repair and maintenance
- ❖ May be used as heavy duty tarpaulin to cover stacks, stocks and structures
