

GrainPro® Hermetic Pouch™

(Pouch)

1

Open the zipper of the GrainPro Hermetic Pouch.

2

Load the commodity up to the recommended capacity.

Note: Commodities must be stored at a safe moisture content level.

3

Remove excess air by squeezing the bag gently around the commodity.

4

Seal the zipper.

5

HEAT SEAL

Heat seal the top section of the bag when storing for 2 weeks or more. Heat sealing must be applied above the tear notch of the pouch.

6

TEAR NOTCH

When opening, cut along the tear notch just below the welded section and seal the bag using the zipper.

7

The GrainPro Hermetic Pouch is the trusted storage solution to preserve the quality of dried agricultural commodities, including green coffee.

8

Degassing roasted coffee beans before placing them in the GrainPro Hermetic Pouch is required.

For more Information about hermetic storage systems, visit www.grainpro.com or email customer@grainpro.com

GRAINPRO® HERMETIC POUCH™

SIZE	Approximate Capacity, g (lbs) Based on green coffee	Dimensions, (L x W), cm (inch)
Extra Small	250 (.55)	17 x 13 (6.7 x 5.1)
